OBJECTIVE

I am a proactive and resourceful Python Developer passionate about developing efficient applications, leveraging Python's versatility to solve complex challenges. I stand out at turning ideas into scalable code and enjoy collaborating on innovative projects to enhance the user experience.

SKILLS AND ABILITIES

Hard skills:

- Python, Ruby, Javascript, PHP, C++, GraphQL;

- Django, Flask, FastAPI, Rails, React;

- PostgreSQL, MongoDB, SQL, NoSQL;

- Celery, Flower, Redis, Sidekiq;

- Web Technologies (CSS, HTML, jQuery, Bootstrap);

- Git, CI/CD, Docker;

- Pytest, Rspec;

- Scrum;

- OAuth2, Strapi.

Soft skills:

- Strong analytical and problem-solving skills;

- Capability of breaking down complex problems into smaller, manageable tasks;

- Ability to work in a team as well as independently;

- Ability to keep the end-user experience in mind while developing applications that helps create user-friendly and intuitive solutions;

- Ability to effectively negotiate when discussing project requirements, timelines, and collaborating with cross-functional teams.

WORK EXPERIENCE

PYTHON DEVELOPER
Mobidev | January 2022 – June 2023 | Ukraine, Kharkiv

- Design, implement, and maintain backend services utilizing Python frameworks like Django and Flask, ensuring seamless integration with frontend functionalities.
- Implement RESTful APIs for smooth interaction between frontend interfaces and backend systems, enhancing application functionality and user interactions.
- Contribute to the optimization of database queries and schema design, enhancing application performance and data retrieval efficiency.
- Participate in code reviews and pair programming sessions to share knowledge, learn from peers, and maintain a high standard of code quality.

EDUCATION & CERTIFICATES

National Technical University "Kharkiv Polytechnic Institute"

Bachelor's in Software Engineering | Graduated in June 2023

Master's in Software Engineering | September 2023 - now

Innovation Campus Certificate of NTU "Kharkiv Polytechnic Institute"

LANGUAGES

Ukrainian, Russian, English (upper-intermediate)
